

# LED PIXEL TAPE

## Features:

RGB 3 in 1 Full color LED Pixel Tape  
Individually addressable LED Pixels, You can set any color on each SMD5050.  
Available for 3 different densities, 30LEDs/m 60LEDs/m, 144LEDs/m  
SK6812/WS2812B built in SMD 5050 RGB LEDs  
Each Pixel can achieve 16,777,216 full color displa and scan frequency not less than 400Hz  
3M Adhesive tape at backside for easy insallation  
5V DC Voltage supply  
Flexible PCB  
Can be join together  
Can be cuttable each LED

## Specifications

Model No.	KT-DT30RGB	KT-DT60RGB	KT-DT144RGB
Voltage	5VDC		
Power (watts/m)	7.2W	14.4W	35W
Control IC	SK6812/WS2812B		
DMX channels	3		
LED Quantity/M	30LEDs	60LEDs	144LEDs
Pixel Quantity/M	30Pixels	60Pixels	144Pixels

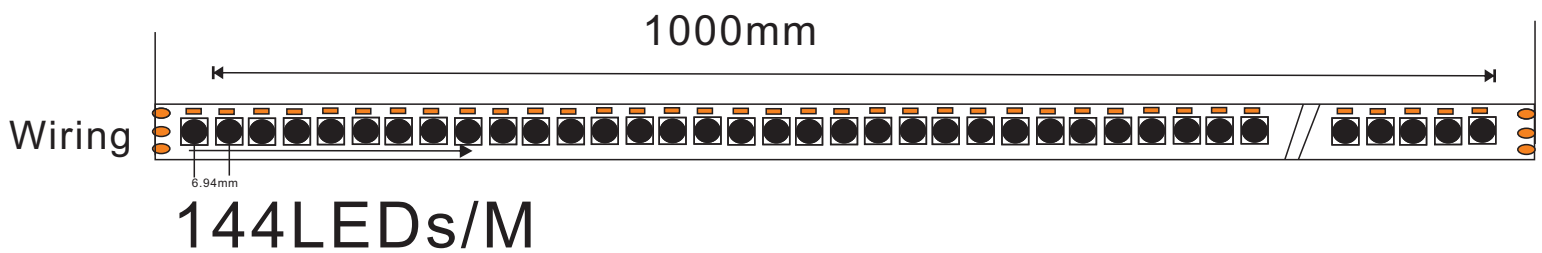

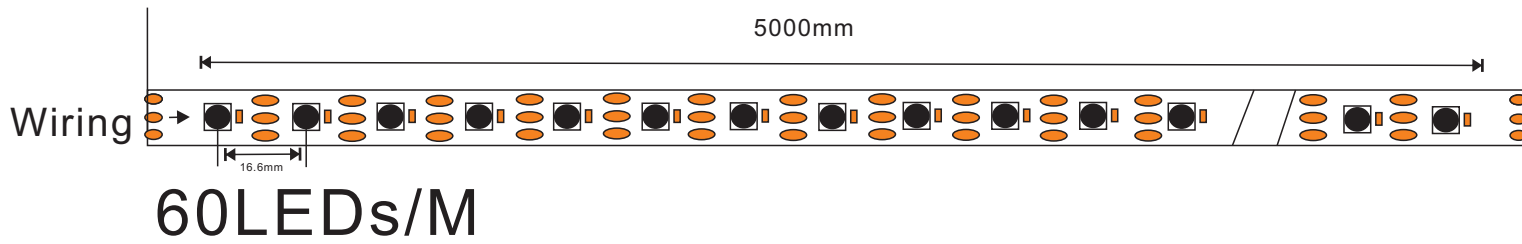

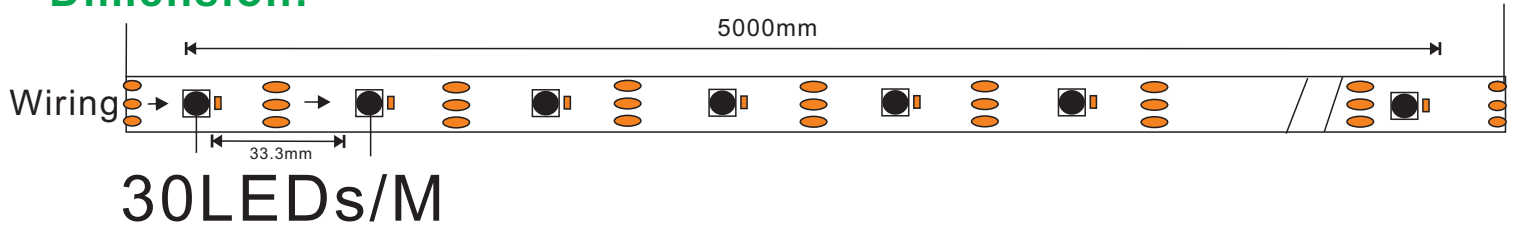

## Notice:

DO NOT connect the voltage over 5 V DC  
DO NOT connect V+ V- wrong or touch together  
If use for outdoor, please do second water protection
