

## Safety Data Sheet

Product Name: Nickel Sulfate Crystal	SDS number: E-UI-NSCCR-2
Version Date: October 17, 2022	Previous Version: April 27, 2022
Validity period: Before the next change	

### Section 1 Identification

<b>Product Name:</b> Nickel Sulfate Crystal
<b>Manufacturer Name:</b> Univertical International (Suzhou) Co., Ltd.
<b>Address:</b> No.567 Jinfeng Road, Suzhou New District, Jiangsu Province, P.R. China
<b>Fax/ Telephone:</b> +86-512-66613128 / +86-512-66610088
<b>Emergency response number:</b> +86-25-85477110
<b>Internet:</b> www.univertical.cn
<b>Recommended use and restrictions on use:</b> Component in electroplating solutions.

### Section 2 Hazard identification

#### Hazard Statements:

Green crystal; Harmful if swallowed. Harmful if inhaled. Causes skin irritation. May cause allergy or asthma symptoms or breathing difficulties if inhaled; May cause an allergic skin reaction; Suspected of causing genetic defects; May cause cancer; May damage fertility or the unborn child; Causes damage to organs through prolonged or repeated exposure; Very toxic to aquatic life with long lasting effects.

#### GHS Classification:

Acute toxicity-oral Category 4  
 Acute toxicity-inhalation Category 4  
 Skin corrosion/irritation Category 2  
 Sensitization-respiratory Category 1  
 Sensitization-skin Category 1  
 Germ cell mutagenicity Category 2  
 Carcinogenicity Category 1  
 Reproductive toxicity Category 1  
 Specific target organ toxicity (repeated exposure) Category 1

## Safety Data Sheet

Product Name: Nickel Sulfate Crystal	SDS number: E-UI-NSCCR-2
Version Date: October 17, 2022	Previous Version: April 27, 2022
Validity period: Before the next change	

Hazardous to the aquatic environment – Short-term(acute) hazard Category 1

Hazardous to the aquatic environment – Long-term(chronic) hazard Category 1

### Label Content:

Pictograms:

Signal Word: Danger

### Precautionary Statements:

Precaution:

- If medical advice is needed, have product container or label at hand.
- Keep out of reach of children.
- Obtain, read and follow all safety instructions before use.
- Wash thoroughly after handling.
- Do not eat, drink or smoke when using this product.
- Avoid breathing dust/fume/gas/mist/vapours/spray.
- Use only outdoors or in a well-ventilated area.
- Wear protective gloves/respiratory protection /protective clothing/eye protection/face protection/hearing protection.
- In case of inadequate ventilation wear respiratory protection.
- Contaminated work clothing should not be allowed out of the workplace.
- Avoid release to the environment.

Incident response:

- IF SWALLOWED: Get medical help. Rinse mouth.
- If inhaled: Remove person to fresh air and keep comfortable for breathing. Get medical help.
- If on skin: Wash with plenty of water.
- If skin irritation or rash occurs: Get medical help.

## Safety Data Sheet

Product Name: Nickel Sulfate Crystal	SDS number: E-UI-NSCCR-2
Version Date: October 17, 2022	Previous Version: April 27, 2022
Validity period: Before the next change	

- Take off contaminated clothing and wash it before reuse.
- If experiencing respiratory symptoms: Get emergency medical help immediately.
- If exposed or concerned: get medical advice.
- Get medical help if you feel unwell.
- Collect spillage.

Storage:

- Store locked up.

Disposal:

- Dispose of contents/container in accordance with local/regional/national/international regulations.

**Physical and chemical hazards:**

None.

**Health hazards:**

Harmful if swallowed. Harmful if inhaled. Causes skin irritation. May cause allergy or asthma symptoms or breathing difficulties if inhaled; May cause an allergic skin reaction; Suspected of causing genetic defects; May cause cancer; May damage fertility or the unborn child; Causes damage to organs through prolonged or repeated exposure;

**Environmental hazard:**

Very toxic to aquatic life with long lasting effects.

### Section 3 Composition/information on ingredients

Substance/mixture: substance

Component	CAS No.	% Content
Nickel Sulfate Hexahydrate	10101-97-0	≥99.4
Others	/	≤0.6

## Safety Data Sheet

Product Name: Nickel Sulfate Crystal	SDS number: E-UI-NSCCR-2
Version Date: October 17, 2022	Previous Version: April 27, 2022
Validity period: Before the next change	

### Section 4 First aid measures

#### First aid:

- If in eyes: Flush immediately with large amounts of water for at least 15 minutes. Eyelids should be held away from the eyeball to ensure thorough rinsing.
- If on skin: Wash affected area with water for at least 15 minutes. If contacted by clothes, take off clothes immediately and avoid contact with eyes again. Seek medical attention.
- If inhaled: Remove to fresh air. If breathing is difficult, administer oxygen.
- If swallowed: Never feed anything to an unconscious person. Wash the mouth thoroughly with water immediately. Seek medical attention.

#### The most important symptoms and harmful effects:

No data available

#### Protection of emergency personnel:

No data available

#### Special tips for doctors:

No data available. In all cases be prepared to treat for shock.

### Section 5 Fire-fighting measures

#### Suitable Extinguishing Media:

In all cases this material does not support combustion. Water, water fog, foam, and/or carbon dioxide (CO<sub>2</sub>) may be used to cool fire-exposed storage containers, structures and to protect personnel.

#### Especially dangerous:

Extremely high temperatures may cause thermal decomposition of the product to release nickel oxide and sulfur dioxide.

#### Combustion Products:

No data available

## Safety Data Sheet

Product Name: Nickel Sulfate Crystal	SDS number: E-UI-NSCCR-2
Version Date: October 17, 2022	Previous Version: April 27, 2022
Validity period: Before the next change	

### Precautions and protective measures for fire-fighting:

Must wear full-body acid and alkali-resistant protective clothing, and self-priming filter dust masks when necessary.

During emergency rescue or evacuation, air respirators should be worn.

Put out the fire at the upwind position and protect the people downwind to avoid inhaling smoke.

Move the container from the fire area to an open place.

Choose the suitable extinguishing media to extinguish the fire according to the cause of the fire.

Do not flush down sewers or other drainage systems. Material is harmful to aquatic life.

## Section 6 Accidental release measures

### Protective measures, protective equipment and emergency procedures for workers:

Keep unnecessary and/or untrained people away, until the spill area is completely cleaned.

Make sure that the cleanup is done by trained personnel.

Wear proper personal protective equipment.

### Environmental protection measures:

Prevent release of product into sewer and waterways.

Thoroughly remove pollutants in the area.

Collect the dumped residue in an appropriate container and seal it, and dispose of this waste in accordance with appropriate regulations.

### The containment and removal methods of the leaked chemicals and the disposal materials used:

Small leakage: Avoid dust, use a clean shovel to collect in a dry, clean, covered container.

Large spills: Collect and recycle or transport to waste disposal sites for disposal.

## Safety Data Sheet

Product Name: Nickel Sulfate Crystal	SDS number: E-UI-NSCCR-2
Version Date: October 17, 2022	Previous Version: April 27, 2022
Validity period: Before the next change	

### Section 7 Handling and storage

#### Handling:

Do not contact with eyes, skin and clothes, and do not breathe mist.

The container is sealed when not in use.

Dangerous residues may remain in empty containers.

There must be good ventilation when using.

Operators must undergo special training and strictly abide by operating procedures.

It is recommended that operators wear masks and chemical safety glasses. Wear general protective clothing and rubber safety gloves.

Wash hands before eating and drinking after handling. Before entering the restaurant, remove contaminated clothing and protective equipment

Contaminated clothes can be used again after washing.

#### Storage:

Store in closed containers in a cool, dry, well-ventilated area

Prevent physical damage.

The storage area should be equipped with leakage emergency treatment equipment and suitable containment materials.

Keep the container tightly closed.

### Section 8 Exposure controls/personal protection

#### Exposure Limits:

Component name	Standard source	Type Standard	Value	Remarks
Nickel Sulfate	GB Z 2.1	PC-TWA	0.5mg/m <sup>3</sup>	
-Soluble nickel compounds	NIOSH	TWA	0.1mg/m <sup>3</sup>	

#### Personal Protective Equipment (PPE)

## Safety Data Sheet

Product Name: Nickel Sulfate Crystal	SDS number: E-UI-NSCCR-2
Version Date: October 17, 2022	Previous Version: April 27, 2022
Validity period: Before the next change	

### Eye Protection:

Wear chemical safety goggles or face shield. Have eye-wash stations available where eye contact can occur.

### Skin and body protection:

Wear general work protective clothing. The type of protective equipment must be selected according to the concentration and quantity of hazardous substances in the specific workplace.

### Hand protection:

Avoid skin contact. Wear rubber or neoprene gloves that are impervious to conditions of use.

### Respiratory protection:

There is no need to wear respiratory protection under fog-free conditions. If the TWA exceeds the limit, respiratory protection must be provided in accordance with OSHA 29 CFR 1910.134. If the concentration exceeds 100 times the TWA, the haze respirator approved by NIOSH is usually acceptable.

## Section 9 Physical and chemical properties

<b>Appearance:</b> Green Crystal	<b>Odor:</b> None
<b>pH:</b> N/A	<b>Melting Point:</b> Lose 6 crystal water at 103 °C
<b>Boiling Point:</b> N/A	<b>Flashpoint:</b> N/A
<b>Upper/lower Flammability Limits:</b> N/A	<b>Vapor Pressure:</b> N/A
<b>Vapor Density:</b> N/A	<b>Specific Gravity:</b> N/A
<b>Solubility:</b> 625 g/L at 20 °C	<b>Partition coefficient of n-octanol/water:</b> N/A
<b>Autoignition Temperature:</b> No data available	<b>Decomposition temperature:</b> Decomposes at 848 °C
<b>Molecular Formula:</b> NiSO <sub>4</sub> • 6H <sub>2</sub> O	<b>Molecular Weight:</b> 262.86

## Safety Data Sheet

Product Name: Nickel Sulfate Crystal	SDS number: E-UI-NSCCR-2
Version Date: October 17, 2022	Previous Version: April 27, 2022
Validity period: Before the next change	

### Section 10 Stability and reactivity

<b>Stability:</b> Under typical storage conditions this material is stable.
<b>Dangerous reaction:</b> When heated to above 103 °C, this substance loses crystal water and becomes anhydrous nickel sulfate.
<b>Conditions to avoid:</b> No data available
<b>Incompatible materials:</b> High temperature
<b>Hazardous decomposition products:</b> Under high temperature heating conditions, anhydrous nickel sulfate may decompose into nickel oxide and sulfur dioxide.

### Section 11 Toxicological information

<b>Acute toxicity-oral:</b> Harmful if swallowed.
<b>Acute toxicity-dermal:</b> No data available
<b>Acute toxicity-inhalation:</b> Harmful if inhaled.
<b>Skin corrosion/irritation:</b> Causes skin irritation
<b>Eye damage/irritation:</b> No data available
<b>Sensitization-respiratory:</b> May cause allergy or asthma symptoms or breathing difficulties if inhaled
<b>Sensitization-skin:</b> May cause an allergic skin reaction
<b>Germ cell mutagenicity:</b> Suspected of causing genetic defects
<b>Carcinogenicity:</b> May cause cancer
<b>Reproductive toxicity:</b> May damage fertility or the unborn child
<b>Specific target organ toxicity (single exposure):</b> No data available
<b>Specific target organ toxicity (repeated exposure):</b> Causes damage to organs through prolonged or repeated exposure
<b>Aspiration hazard:</b> No data available

## Safety Data Sheet

Product Name: Nickel Sulfate Crystal	SDS number: E-UI-NSCCR-2
Version Date: October 17, 2022	Previous Version: April 27, 2022
Validity period: Before the next change	

### Section 12 Ecological Information

Hazardous to the aquatic environment – Short-term(acute) hazard: Very toxic to aquatic life
Hazardous to the aquatic environment – Long-term(chronic) hazard: Very toxic to aquatic life with long lasting effects.
<b>Persistence and degradability:</b> This material is not expected to biodegrade, may leach into groundwater, be not expected to evaporate significantly.
<b>Bioaccumulative potential:</b> This substance will not bioaccumulate significantly.
<b>Mobility in soil:</b> When released into the soil, it may enter groundwater.
<b>Other harmful effects on the environment:</b> No data available

### Section 13 Disposal considerations

<p><b>Waste chemicals:</b></p> <p>Spilled crystals can be scooped up or swept away. It is best to use a vacuum cleaner with a good filtering function to clean up the dust to prevent dust.</p> <p>Use polyethylene containers to recover solid materials.</p> <p>Do not discharge residues into drains or sewers. Do not breathe dust.</p>
<p><b>Contaminated packaging:</b></p> <p>The product residue in the empty storage container can be rinsed with clean water, and then the solution can be treated with lime or soda ash to recover the solid nickel residue. Store the residue in polyethylene buckets.</p>
<p><b>Disposal notes:</b></p> <p>Refer to relevant national and local regulations before disposal.</p> <p>See section 8 for safety precautions for disposal personnel.</p>

## Safety Data Sheet

Product Name: Nickel Sulfate Crystal	SDS number: E-UI-NSCCR-2
Version Date: October 17, 2022	Previous Version: April 27, 2022
Validity period: Before the next change	

### Section 14 Transport information

<b>UN Number:</b> 3077
<b>UN Shipping Name:</b> ENVIRONMENTALLY HAZARDOUS SUBSTANCE, SOLID, N.O.S.
<b>UN risk classification:</b> 9
<b>Packing Group:</b> III
<b>Marine pollutants (yes/no):</b> Yes
<b>Note for transportation:</b> No data available

### Section 15 Regulatory information

The following laws, regulations, rules and signs have made corresponding provisions on the management of this chemical:

Occupational Disease Prevention and Control Law of the People's Republic of China: Classification catalog of occupational hazards: Nickel and its compounds
Regulations on the safety management of hazardous chemicals: List of hazardous chemicals: Yes
