# COMPANY INTRODUCTION

---

Ningbo Runyes Medical Instrument Co., Ltd was established in May 2000. It is a high-tech enterprise, specializing in the development and production of medical equipments. It focuses on dental, and the products cover all the devices and equipments required for modern dentistry. As a pioneer in Chinese Dental Market, it has also established the International Dental Industrial Park with full dental industry chain, which is with dental digitization as the core, linking dental industry, dental culture and dental medical together.

The company is oriented by scientific technological research and development, and has set a Zhejiang Medical Device Research and Development Center. It has presided over or participated in the drafting of nearly 30 dental medical device industry standards. The company has successively won the titles of Zhejiang Province Postdoctoral Workstation, Zhejiang Province Famous Trademark, Zhejiang Province's First Set of Major Technical Equipment, and Provincial-Level Entrepreneurship Incubation Base.

# COMPANY CULTURE

---

## CREATING BY LOVE

Love: Passionate and responsible  
Creation: Innovation; the progress of individual and collective improvement

## REFINEMENTS EARNESTNESS WARMTH AND TRUE VALUE

### REFINEMENT

At Runyes, we work hard with love and heart to improve the quality of medical devices to create a comforting, safe, and effective ambient for every patient.  
Runyes believes: Devil is in the details.

### EARNESTNESS

At Runyes, we have both of our feet on the ground. We don't simply look for expansion on scale or vain glory, but work together to make ourselves better.

### WARMTH

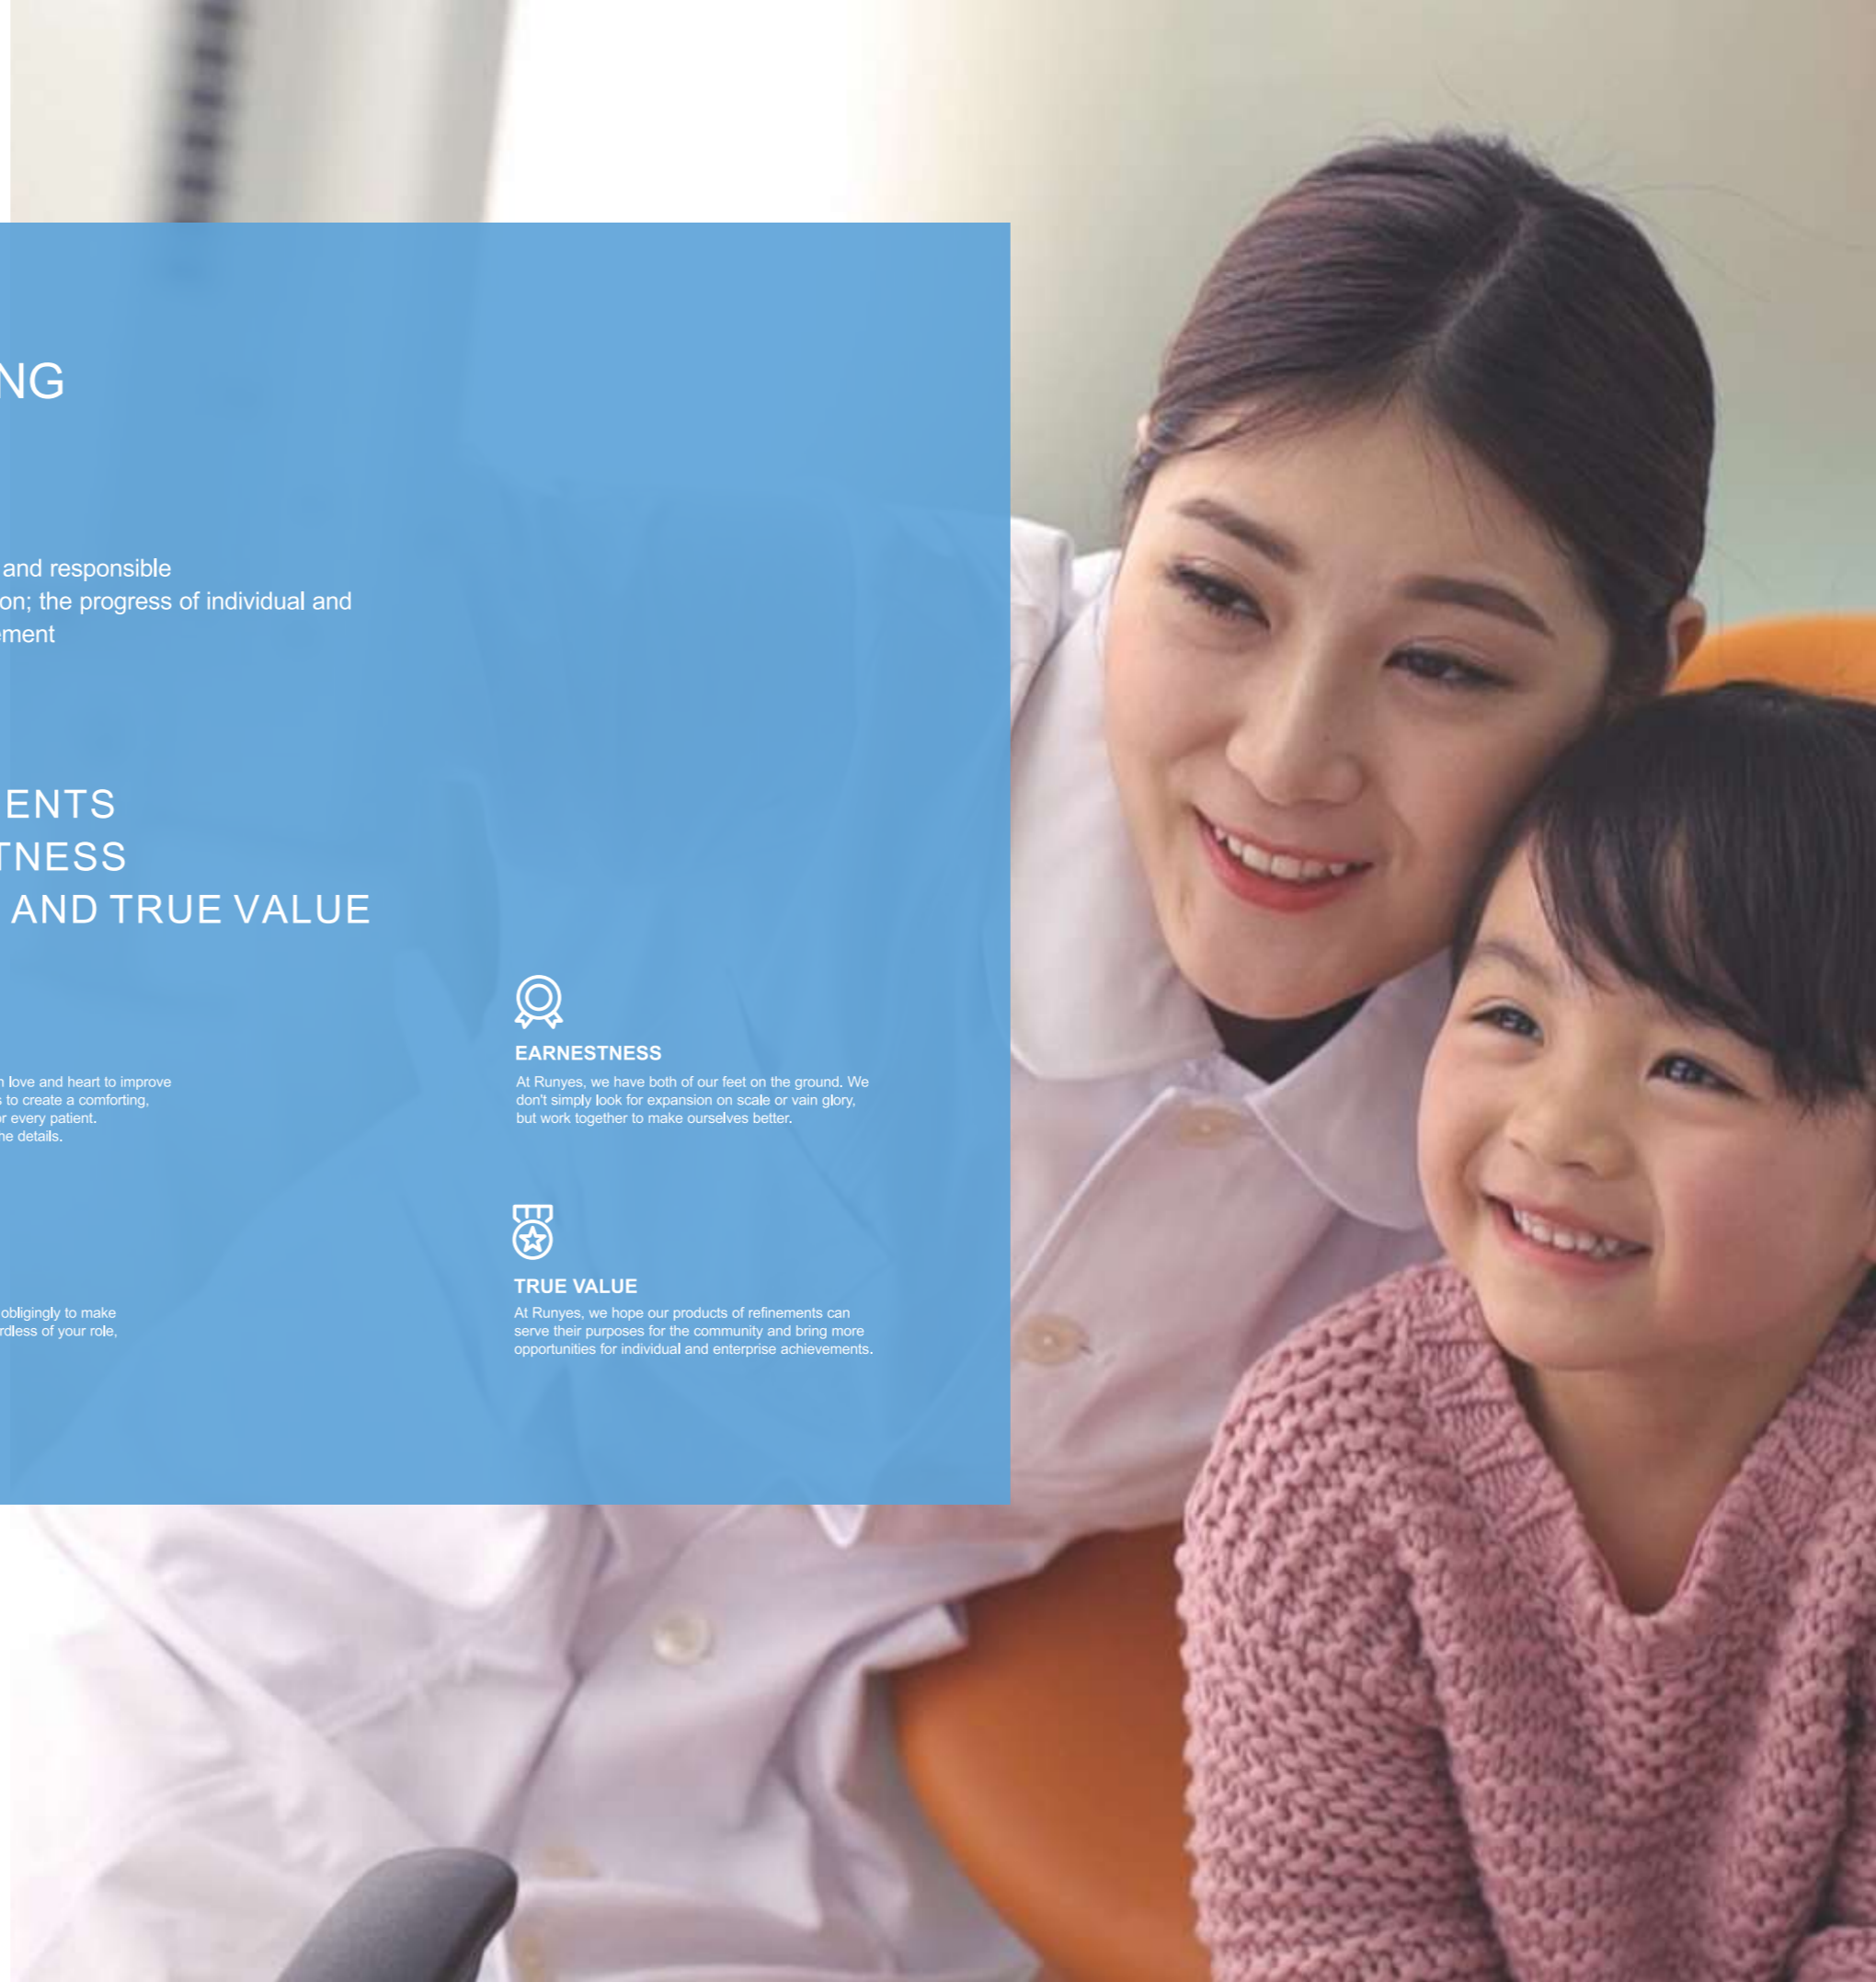

At Runyes, we communicate obligingly to make everyone feel at home. Regardless of your role, we are all equal.

### TRUE VALUE

At Runyes, we hope our products of refinements can serve their purposes for the community and bring more opportunities for individual and enterprise achievements.

Created by love,  
Pursuing Refinements,  
Earnestness, Warmth and True Value.
