

Product features:

1. User friendly Control panel
2. Barcode scanner holder provided - XYZ direction adjustable
3. All motors speed adjustable via control panel
4. Automatic width adjustment
5. Anti-static (ESD) belt
6. Tower lamp and buzzer (optional)
7. Ethernet port, RS232 port
8. Support IPC-HERMES-9852 and IPC CFX (optional)

Technical Specifications

| No | Item | Design Parameter |
|----|--------------------------------|---|
| 1 | Machine dimension [L*W*H] | 1000mm*725mm*1425mm |
| 2 | Power supply | AC220V/50/60HZ |
| 3 | PCB transport height | 910±20mm |
| 4 | Air pressure | 4-6bar |
| 5 | PCB size [L-W] | 50mm*50mm-330mm*250mm |
| 6 | Type of conveyor belt | <3mm flat belt |
| 7 | Conveyor width adjustment mode | Automatic |
| 8 | PCB transport direction | One click switch |
| 9 | Cycle time | < 7 second |
| 10 | Control system | PLC+Screen |
| 11 | Communication mode | Standard SMEMA+MES interface(automatically widened) |
