

## 4-Doors Console Parcel Locke

Headleader Laundry Locker provides a simple and cost-effective way to implement self-service delivery options. Parcel Lockers enable couriers to securely and quickly load items then message (email / smart phone) customers for convenient, self-service pickup.

- Module design which is convenient for installation and maintenance
- Tidy cable arrangement
- Hardware of industrial standard with high stability and low faulty rate
- Conform to CE&UL standard
- Self-designed and patented control system components
- Remote control, surveillance and software upgrade available
- Constructed from 1.5mm thick high-quality cold-rolled steel; the door panels are all electrophoresed for superior rust resistance and durability.

### **Application Field**

1.Apartment 2.commercial 3.industrial 4.hospital 5.retail

### **Ambient conditions**
