Call for Papers

The 10th International Power Electronics and Motion Control Conference-ECCE Asia (IPEMC 2024-ECCE Asia) will be held in **May 17-20, 2024** at Century City International Convention Center, Chengdu, China. This conference will contain the tutorials, plenary and keynote speeches, breakout technical sessions including oral and poster presentations. Besides, the exhibitions at the conference offer opportunities for access to the most advanced products and services in industry related to power electronics and motion control.

Topics

Prospective authors are invited to submit digests on (but not limited to) the following topics:

- Devices, Packaging and System Integration
- Power Converters and Control
- Motor Drives and Motion Control
- Power Quality
- Electrified Transportation
- Renewable Energy and Smart Grid
- Wireless Power Transfer
- Energy Storage and Management
- Reliability, Diagnosis, and Protection
- DC Power Systems
- Artificial Intelligence Applications in Power Electronics
- Emerging Power Electronics and Other Applications

Digest Submission

Prospective authors are invited to submit a digest no longer than **four (4) pages**, single column, single-spaced, that summarized the proposed paper. The digest should include key equations, figures, tables, major results and references. Papers presented at IPEMC 2024-ECCE Asia must be original material and not have been previously presented or published. All digests will go through a blind peer review process to ensure confidentiality and fair review. For more information on a digest template and digest on-line submission method, please refer to the conference website.

Important Date

Deadline for digest submission: **Oct. 31, 2023**
Notification of acceptance: **Jan. 19, 2024**
Final paper submission: **Mar. 10, 2024**

Publication

Accepted and presented papers will be published in the conference proceedings, and submitted to the IEEE Xplore on-line digital library and EI Compendex.

Tutorials

Tutorial program is intended to disseminate information on recently emerging topics and trends to conference attendee. Several high quality tutorials will be offered on **May 17, 2024**. Prospective lecturers are invited to send a proposal before **Oct. 31, 2023**, and the proposal form and detailed information will be provided on the website.

Special Sessions

Organized sessions are specialized events to be held during the conference as a set of oral presentations that are highly specialized in some special theme. We invite proposals for organized sessions relevant to the themes of the conference. (Proposal submission deadline: **Aug. 31, 2023**) The proposal form and guidelines will be updated on the website.

Industry Sessions

Industry sessions are arranged for industry participants to present and exchange their latest achievements on power electronics and its applications. The proposal submission deadline is **Dec. 15, 2023**. Presenters can submit either an individual presentation proposal or an overall session proposal. The proposal form and detailed information will be provided on the website.
